UPCOMING PENSION WORKSHOPS

OTIP Walk Into Retirement With a Plan

- April 14 at 4:30 pm at Best Western Walkerton – dinner provided <https://otip.secure.force.com/wrpen/> to register – this workshop focuses on benefit/insurance plans post retirement

TRANSFER PROCESS SPRING 2025

If you are a permanent or probationary teacher in the Board then there is a process in place for you to transfer between schools, using your qualifications and seniority.

The Board will post internal permanent job postings in two rounds, for the consideration of Permanent Elementary members. Round One will begin mid-April. Round Two will begin in May.

YOU WILL NEED TO USE APPLY TO ED/SIMPLICATION TO SEE THE JOB POSTINGS AND TO APPLY. NO RESUME NEEDED. THE MOST SENIOR QUALIFIED PERMANENT TEACHER WILL BE TRANSFERRED.

WHAT IF I AM SURPLUS? Any teacher who is surplus to their school will be notified prior to the start of Round One and will be able to submit their name for vacancies in the transfer rounds. If you are wondering how surplus works then have a look at Article 11 (page 94 onwards) in the Collective Agreement. The agreement is found at BGCSB.org under “for staff”. Redundancy notification is in June.

CROSS PANEL- NEW this year will be an opportunity for Elementary members of OECTA to be considered for vacant Secondary positions. Once the 2 Rounds of transfers occur internal to the Secondary Unit, the remaining vacancies will be posted for your consideration. Members may submit their name to these job postings and the Board has discretion about whether or not to transfer an Elementary member. If you are successful, you will receive a new 2025 seniority date on the Secondary Seniority List.

PROFESSIONAL JUDGEMENT AND DIAGNOSTIC ASSESSMENTS

The unit office continues to get queries about the language found in the Central terms of the [Collective Agreement](#) (article 6, page 18). The article states:

"A teacher's professional judgment is the cornerstone of assessment and evaluation... The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration, allows the teacher to gather data that is relevant, sufficient and valid in order to make judgments on student learning during the learning cycle."

This includes any assessment data tracking software or a data base- which remains voluntary and cannot be mandated.

Mandatory participation in the OECTA Provincial Long Term Disability (LTD) Plan for Permanent Teachers

Effective September 1, 2024, the OECTA Provincial LTD Common Plan will require members to continue to participate in the plan while they are on an approved leave of absence for as long as they are eligible. This change will be effective for leaves **starting on or after September 1, 2024**. It will include full-time statutory and non-statutory leaves as well as partial leaves of absence. Long term disability coverage (LTD) provides a safety net that will replace a percentage of your salary and provide pension plan protection should you be unable to work because of an illness or injury.

Income replacement is crucial for many employees who cannot work due to illness or injury.

Example: Lucia is diagnosed with cancer while on maternity leave. While undergoing cancer treatment, her leave of absence ends, and she is unable to return to work. Since Lucia has LTD coverage, she is eligible to apply for LTD benefits. Lucia will get credit towards the LTD qualifying period from the date of disability and the benefits payable on or after the date her leave is scheduled to end, which will help her replace her income while she is unable to work.

Disabling illness or injury does not wait until you return to work to occur. We have had several members become disabled while on a leave and who have suffered from a loss of income.

Under the terms of the OECTA Provincial LTD Plan, a leave of absence approved by the employer includes maternity, paternity, educational, sabbatical, and other general leaves of absence provided for in the collective agreement, as well as secondments. A leave of absence does not include leaves due to an illness or injury (sick leave or unpaid medical leave).

The OECTA Provincial LTD Plan specifies that when a member is on an employer-approved leave of absence, LTD coverage must be maintained for as long as a member is eligible for coverage. This is normally 24 consecutive months or the number of years negotiated under the local collective agreement. Secondments and maternity leaves are not included in the 24 consecutive months limitation.

Do I need to maintain my LTD coverage when I go on a part-time leave?

If a member is on an employer-approved part-time leave for reasons other than medical-related, the member must maintain LTD coverage. This is based on the full-time salary earned immediately prior to the leave for a maximum of 24 consecutive months.

What happens if I don't pay contributions while I am on a leave of absence?

If a member does not remit LTD contributions during the approved leave of absence, the member will continue to owe the contributions to the LTD plan and the contributions required during the leave of absence will be collected by the employer via retroactive contribution deduction upon the member's return to work.
